

PremiSolv™ - ICP Solvent

**“The Smell of Success - Is No Smell”
- No Sulfur / Aromatic Odour**

PremiSolv™ ICP solvent is a replacement for low odour kerosene and xylene for use as a diluent in ICP/DCP analysis of metals in oil and other organic fluids. PremiSolv™ ICP solvent is supplied in one gallon containers for shipment via common carrier or five gallons for high volume users. PremiSolv™ ICP solvent features:

- Supplied with certificate of analysis listing the concentration of 34 different metals and sulphur
- Extremely low toxicity compared to kerosene or xylene
- No sulfur/aromatic odour for increased worker comfort and less exposure
- Non-Hazardous for shipping/disposal*
- Dilution of samples and standards

* flash point >200°F / 93.33°C
